

## **Friends Bonfire & Fireworks Night**

The annual Friends' Bonfire & Fireworks night has gradually grown bigger over the years, and has even been named as one of the top places in London to see fireworks! Last year, around 2,500 members of the Prep community came along to watch the enormous bonfire being lit, and to see a spectacular fireworks display! All organised and carried out by parent volunteers. Gates open a couple of hours before the fireworks start to give everyone a chance to buy food from one of the food stalls, grab a mulled wine or a local beer, and keep the kids entertained with light sabres and various glow-in-the-dark goodies. Over the last couple of years the bonfire has raised around £14,000 for charity. There is a lot of work involved in putting on such a major event, and we always need lots of volunteers, both on, and in the run up to the night. There is a wide variety of ways in which you can get involved with this event. Please contact us via the contact form on our web-page if you would like to help.
