

Harvest Festival

Every October, Friends' volunteers deliver nearly 50 Harvest Boxes to various Senior Citizens living in sheltered accommodation in the local area. The boxes contain food items collected by all classes across the Prep. Parents have always been very generous in their donations, and any extra food items not required for the boxes are sent to local food banks. Parents from across the school help to deliver the boxes. Their company, if only for a short while, is as much appreciated by the residents as the boxes themselves are.

If you would like to help deliver the Harvest Boxes, please contact the Friends via the contact form on our webpage. All offers of help are gratefully received.
